

CICMT 2006

IMAPS and ACerS are once again co-sponsoring the premier event focusing on Ceramic Interconnect and Microsystems Technologies, **CICMT 2006**.

The **International Conference on Ceramic Interconnect and Ceramic Microsystems Technologies (CICMT)** will bring together a diverse set of disciplines to share experiences and promote opportunities to accelerate research, development and application of ceramic interconnect and ceramic microsystems technologies. The Conference will feature ceramic technology tracks for both Microsystems and Interconnect applications.

The Ceramic Interconnect track will focus on cost effective and reliable high performance ceramic interconnect products for hostile thermal and chemical environments in the automotive, aerospace, defense/security, and communication industries.

The Ceramic Microsystems track will focus on emerging applications and new products that exploit the ability of 3-D ceramic structures to integrate interconnect/packaging with microfluidic, optical, micro-reactor and sensing functions.

Low temperature co-fired ceramic (LTCC) multi-layer, thick film hybrid, and rapid prototyping technologies are common to both tracks with emphasis on material, processes, prototype development, advanced designs and applications.

Additionally, IMAPS will hold a focused exhibition for suppliers who support the use of this technology. There is limited exhibit space which will be allocated on a first-come, first-served basis.

Marketing Feature Available for Exhibitors

IMAPS will provide all exhibitors an opportunity to provide an unlimited amount of pages of company products, services and contact information to be included Technical Proceedings CD-ROM. These CD-ROMs are provided to all technical conference attendees and are for sale through IMAPS to all industry professionals.

This new and unique feature will promote an unlimited amount of promotional material for the Exhibitor's products and abilities much longer than just the Conference.

There is a charge of \$50 for this optional feature.

Submissions must be sent electronically in one (1) file, either PDF or Word, that is easy to open, not password-protected and in a logical format. Any materials not sent in the required format or that arrive after the deadline, may not appear on the CD-Rom and no refunds will be made. **Send files to abell@imaps.org on or before March 25, 2006.**
