

50th International Symposium on Microelectronics CALL FOR HISTORY

Submissions due by June 30, 2017

We Are Looking For Your IMAPS Treasure!

IMAPS seeks historically significant historical treasures to highlight at the 50th International Symposium on Microelectronics. This milestone event will feature presentations and installations from historical pieces collected since the IMAPS inception in 1967 as ISHM.

How Can You Participate?

IMAPS seeks your piece of history for inclusion in a presentation or installation. The anniversary committee will review all submissions, included but not limited to:

| | | | | |
|---|--|---|--|---|
|  |  |  |  |  |
| Photos | Technology | Documents | Stories | Other |
| People Events | Industry technology, specifically electronic hardware from 1967- current | Programs Letters Certificates | Anecdotes Notes Memoria | Items of historical significance |

How to Submit

IMAPS has prepared a portal to upload your submission and provide identifying information.

1. Prepare your submission for consideration. Scan original photos into JPEG or PDF files and take photos of electronic hardware (if accepted, IMAPS will contact you with transfer instructions for hardware).
2. [Click this link](#) to upload, identify, and describe the historical significance of your submission.
3. Submit the form.

Selection

The Anniversary Committee will review and select submissions for inclusion in various symposium activities and/or the historical installation. If your submission is selected, you will be contacted to arrange transfer of your original (photos, documents, hardware) to IMAPS HQ.

Contact

Contact Brianne Lamm, Marketing and Events Manager at blamm@imaps.org or 980-299-9873 if you have any questions about your piece of history or how to submit it for consideration.
